

Margaret Sargent

My career in education has involved working as a teacher, a deputy head and a headteacher. My experience includes secondary, special and primary schools and my last two headships were locally based in Peterborough and Cambridgeshire. Additionally I have held positions as a School Leadership Consultant, A School Improvement Partner and a National Leader in Education.

I am interested in all aspects of education, children's learning and development. I have particular interests in leadership and the education of children with special needs. I firmly believe that schools must ensure the best possible outcomes for all children and that involves ensuring that the highest aspirations are set and achieved.

As a headteacher I was a school governor at my own school but being a governor at Old Fletton is something new to me and I am enjoying the challenge and the association with such a good school. I am impressed by all aspects of life at Old Fletton but I am always ready to challenge as well as to support the school.

I hope that my contribution, as a governor, will help the school to achieve the accolade of "Outstanding" which I feel it deserves.
