19th March 2020

Dear Parents and Carers

The closing of the school on Friday is a cause for huge anxiety for many of you (me included!). I take my responsibility to educate your children very seriously. I tell you often how privileged I am to work in this profession and in this school. I love serving this community and as such, I feel we have a social responsibility to help you continue your child's learning as smoothly as possible. We are going to do the following:

1. Provide you with a printed learning pack that contains year group, curriculum specific activities in reading and mathematics
2. Sharing a list of really useful websites that support our curriculum
3. Using Marvellous Me during the weeks children should have been in school to set additional learning - this will be on a regular cycle: Monday a specific reading challenge; Wednesday a writing challenge and Friday a Mathematics challenge. These will be set by your child's class teacher wherever possible.
4. There will be an open thematic project linked to the History or Geography learning they would have covered.
5. We will keep asking you to hear your child read every day and support them learn their timetables up to 12x12
6. Finally every child will be asked to keep a reading log: listing the books they have read and their views on them

On the days when a teacher is not setting work for you they will be carrying out planning and preparation for the reviewed curriculum going forward and improving the curriculum area(s) they lead on. They will also be preparing an end of year report based on the curriculum covered and assessed to date.

I will keep you updated as previously advised through Marvellous Me and the school website. Safeguarding our children continues to be a priority, just because we have closed doesn't mean we don't care. If you have any safeguarding concern about our children you can contact us - information on how to do this is on the website.

Yours sincerely & best wishes

Sarah Levy
Headteacher
