

OLD FLETTON PRIMARY SCHOOL

Weekly update - Tuesday 13th April 2021

Latest news:

A warm and sunny welcome back everyone. After what has been a turbulent previous three terms I have my fingers crossed for a smooth and settled run up to summer. To make this possible we all must remain vigilant with our handwashing, mask wearing and social distancing.

Curriculum

Following our successful initial training we will be using the Haringey curriculum resources across years 3 - 6. There will be duplication of resources in some year groups and the teachers will differentiate accordingly. We will be surveying the children of their views of the curriculum roll-out after half term. We have further training scheduled in April however, to minimise disruption to children we will not be attending these sessions live but rather as part of our professional development time.

ICT Survey

A huge thank you to Mr Dickson for organising this survey so promptly. All requests for technology support have been successfully fulfilled which means all children should be able to access the homework offer of bespoke learning programmes.

Swantastic

I have been working with Class Representatives on how to solve the problem of helping children 'know how well they are doing'. The Swan postcard below has been designed by Mrs Nicholson following feedback from the children. Each block they will complete their achievement in meeting their Lexia, Mathletics and Spelling targets as well as logging their successes with their Lily passports. In lower school the swans are slightly different and celebrate achievement in phonics. At the end of each block your child will bring home their postcard so that you can celebrate their success and share in their learning journey.
