

By the end of this unit we will be able to:

- Name the subjects we study in school in French with the correct definite article/determiner.
- Extend sentences by giving an opinion on the various school subjects and extend even further by giving a justification for that opinion.
- Start to tell the time by learning how to say time by the hour.
- Say at what time we study certain subjects at school.

Skills we will develop:

- To be able to provide positive and negative opinions and justifications to questions on school subjects
- Learn that these opinions and justifications are transferable language and can be used in other topics
- Learn how to extend our sentences making them more interesting

It will help if we already know:

The language introduced in Early learning and Intermediate units; how to give our personal details from memory (name, age and where we live)

Grammar we will learn: and revisit:

Nouns, gender, definite articles & high frequency regular verb étudier. Revision of definite article **le, la, l' & les**. Focus on 1st person singular conjugation of verb **étudier** with an opportunity to explore whole verb conjugation. Learning how to use opinions and justifications.

Phonics & pronunciation we will see:

- **QU** sound in **informatique & musique**
- **Ç** sound in **français**
- **AN** sound in **anglaise, français, amusant & intéressant**
- **EN** sound in **sciences**
- **Silent letters: 's'** not pronounced in **aines** and the **t** is not pronounced in **sport**, or the **x** in **ennuyeux**. These letters are often silent at the end of words in French.
- **'Elision** eg **J'étudie** - drop the 'e', replace with apostrophe and attach to word that follows which begins with vowel or mute 'h'. This is not optional in French.

Ask and answer...
